

UBC Faculty of Medicine

➤ *Through knowledge, creating health.*

Head, Department of Pediatrics and Chief of Pediatrics, BC Children's Hospital

The Faculty of Medicine, University of British Columbia invites applications and nominations for the position of Head of the UBC Department of Pediatrics and Chief of Pediatrics, BC Children's Hospital. The successful applicant is expected to establish strong clinical and administrative linkages with all six Health Authorities in British Columbia.

As a recognized clinical and academic leader in Pediatrics, you will have the opportunity to share your vision and utilize your leadership skills in the development of teaching, research and clinical service programs in a Department with 153 site-based faculty (15 PhD scientists and 138 academic clinicians) and 119 community based clinical faculty.

In this challenging role, you will be accountable for the leadership and administration of the Department and for overseeing the quality of pediatric medical care. Your ability to be innovative and foster collaboration will be key in promoting pediatric academic excellence and partnerships in undergraduate, graduate and post graduate medical education programs and support for research across British Columbia.

The successful candidate will bring to this vital position a proven track record of success in senior clinical, academic and administrative leadership roles, demonstrated success in supporting the career development of MD and PhD faculty members and a proven record of scholarly achievement with demonstrated excellence in teaching. The anticipated start date will be July 1, 2010 or upon a date to be mutually agreed.

Salary will be commensurate with qualifications and experience. The successful candidate will qualify for and be offered a full time appointment at the rank of Professor with Tenure.

For more information about the position and the department, please visit www.pediatrics.med.ubc.ca.

Application letters, accompanied by detailed curriculum vitae, a teaching dossier, and names of four references, should be directed to:

Gavin Stuart, MD, FRCSC
Dean, Faculty of Medicine
c/o Darcie Prosser
Room 317, IRC, UBC
2194 Health Sciences Mall
Vancouver, BC V6T 1Z3.

(email:
searches@medd.med.ubc.ca with
subject line: **Head, Pediatrics**)

Review of the applications will begin on January 31, 2010 and will continue until the position is filled.

The University of British Columbia is Canada's third largest university and consistently ranks among the 35 best universities in the world. Primarily situated in Vancouver, UBC is a research-intensive university and has an economic impact of \$4 billion to the provincial economy.

The Faculty of Medicine at UBC, together with its partners including B.C.'s Health Authorities, provides innovative programs in the areas of health and life sciences through a province-wide delivery model. The Faculty teaches students at the undergraduate, graduate and postgraduate levels and generates more than \$240 million in research funding each year, throughout the province.

BC Children's Hospital is British Columbia's only tertiary level regional pediatric Academic Health Centre, providing expert care for the most seriously ill children from across the province. As the clinical home for University of British Columbia Medical School's Pediatric Residency Program, BC Children's is the leading teaching and research facility in Western Canada. Additionally, child development and rehabilitation is provided by Sunny Hill Health Centre for Children, a program of BC Children's.

THE UNIVERSITY OF BRITISH COLUMBIA

UBC hires on the basis of merit and is committed to employment equity. All qualified persons are encouraged to apply. UBC is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, persons of any sexual orientation or gender identity, and others who may contribute to the further diversification of ideas. However, Canadians and permanent residents of Canada will be given priority.
